TO ADVERTISERS.—The VERMONT DAILY TRANSCRIPT has the largest circulation in St. Albans and in Franklin County, of any daily paper, and is on that account, if no other, the best medium for advertising.

Local Items.

OUR DAILY.—Those wishing to secure copies of our Daily paper can do so at Merrifield's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

WE have received a liberation notice from Enosburgh, for publication in the TRANSCRIPT, but as no money accompanies it, or any one becomes responsible for it, we must decline to print it.

THERE was lately laid before us a piece of mutton raised at Shefford Mountain which was 3 inches from the rib to the skin; there were two inches of clear fat on the rib. The gentleman, Mr. Blackwood, killed three sheep weighing respectively 212, 230, and 162; dressed they weighed 110, 110, and 80. The sheep were pure Leicesters and have had no extra feed for the last three and a half years. Mr. B. believes that the Leicesters are the most profitable breed for sheep breeders.

KILLED BY THE CARS.—Henry Trombley, a young man about 18 or 20 years of age and residing in Highgate, was killed by falling from the freight train at Milton, about 6 o'clock p. m. on Saturday last. He has a brother residing in Randolph and it is presumed that he intended to go there upon the freight train. He had been stopping in Milton a day or two without any ostensible business, and with only 25 cents in his pocket, he stealthily got upon the train as it was leaving Milton Station, and before it had proceeded far, he fell between the cars and became mangled in a horrible manner. The unfortunate young man lived about fifteen minutes after the accident.

OUR new county officers will be sworn in on the 1st, and enter upon the duties of their respective offices. We notice that Sheriff Place is removing his Household goods, preparatory to taking possession of the jail-house.

THE property of Mrs. Dillon seized by Deputy Marshal Flanagan, the other day, is advertised to be sold at public auction on the 12th of December.

IMPORTANT SUIT.—The hearing in the case of Cheever and Hart, vs. Birchard and Page, and various other holders of the Second Mortgage Bonds of the Rutland and Burlington Railroad, is now taking place at Rutland before Chancellor John Pierpont. The suit was entered at the March term of the Rutland County Court in 1864, for the foreclosure of the first mortgage on said road, and the testimony taken before a Master in Chancery occupies nearly a thousand printed pages.

The counsel appearing for the orators are, Messrs. George F. Edmunds, E. R. Harl, of Burlington, and Geo. W. Baldwin, of Boston. For Birchard and Page, Messrs. John W. Prout, W. C. Dunton, C. C. Doney, of Rutland, E. N. Briggs

of Brandon, Luke P. Poland of St. Johnsbury, and Daniel Roberts of Burlington. Hon. Levi Underwood of Burlington, appears as special counsel for Birchard and Page. John S. Eldridge, John W. Stewart, Harrison Pay, Benjamin P. Reed, and John B. Taft. Edward J. Phelps, of Burlington, and George O. Shattuck, of Boston, appears for Jacob Edwards and other petitioners. The case is one of the most important ever entered in our State Courts.

PATENTS.—On the 24th of November, patents were issued to the following Vermonters: Wm. T. Horrobin, of Bennington, for improvement in moulding machinery; Charles E. Post, of Hinesburgh, for improvement in sapsills.

Re-issues—Luke Taylor, of Springfield, for improved mop-head, patented, February 15, 1859; Azro Buzzell, of West Fairlee, for improvement in carriage spring, patented September 15th, 1863; I. H. Guild, of Rupert, for improvement in float valves, patented May 14th, 1867.

TO DISTRICT CLERKS.—District clerks will find the Reports of the Board of Education at the town clerks offices about this time.

THE RUTLAND COURT HOUSE.—The Legislature appointed a Committee to see to the building of a new Court House in Rutland. Before maturing their plans, it is to be hoped the committee will find it convenient to visit St. Albans and thoroughly inspect the model Court House of the State! The Franklin County Court House is quite sure to attract the eye of the stranger, and the style of its architecture is often—very often—commented on.

VERGENNES ARSENAL.—The story, the Herald says, is again revived of the recommendation, from the Department at Washington, of the sale of Vergennes Arsenal, and the closing up of the storehouse for United States arms and ammunition.

THE Argus says that Miss L. Howe, a sister of Uriah Howe, Esq., of Morretown, has lived with in seven miles of the Vermont Central Railroad, and has enjoyed good health during a greater part of the time, yet never saw a locomotive or car until last October. It is said that for eleven years she never went into the house of a neighbor.

THE Grant and Colfax Electors meet at Montpelier to-morrow to cast their votes.

BENNINGTON TO EAGLE BRIDGE.—The talk about building a railroad from Bennington to Eagle Bridge, and relaying the old Albany Northern Railroad, is again revived, and Bennington is said to be anxious to bond itself to do it.

RICHFORD AND VICINITY.—We clip the following items from the Sentinel: Mr. A. G. Wheeler of Berkshire, has sold his farm of 97 acres to Orlando Johnson, for \$5,400.

A. B. Welch, of Berkshire, has bought back his old farm for \$11,950. He sold it only a few weeks ago to Mr. Gaines, for \$11,000.

G. N. Powell, of Richford, has sold his house and carriage shop, situated about a mile south of the village, to Ira J. Svent, for \$3,000.

Mr. E. J. Marsh, of Richford, has just opened a new store in the Farmers' Exchange building. He keeps Dry Goods, Groceries, Crockery, Boots and Shoes, etc.

PERSONAL.—Mr. J. W. Hobart, Master of transportation on the Vt. Central Railroad, who has been ill for some time, on account of over exertion in the duties of his office, left town with his wife, on this (Monday) morning, on a tour of recreation and rest. Mr. Hobart intends to go as far west as St. Louis, and will return by way of Washington.

Mr. Lansing Mills and wife accompany Mr. Hobart. We hope that Mr. H. may enjoy his journey and return with improved health. The managers of the road could ill afford to lose his services.

Mr. Almeria Tinker, the Chief Clerk in the Transportation Department, will perform the duties of Master of Transportation during the absence of Mr. Hobart.

Sir John Young, the newly appointed Governor of Canada, and Secretaries Lieutenant-Col. McNeil, and Mr. F. Tunill, Lord Alexander Russell and Lieut.-Col. Bernard of England, have arrived in Canada.

65 Fairfax To arrive.

The foregoing locomotives were originally built, or have been rebuilt by the Vermont Central Railroad Company, except the following: The Roxbury was built by Baldwin & Co. The Stranger, Royalton, and A. B. Foster were built by the Taunton Locomotive Works; the Sharon and Berlin by the Boston Machine Company; the Gens. Grant, Stannard, Sherman and Sheridan were built by the Manchester Locomotive Works; and the Richmond, Stowe, Braintree, and Fairfax by Wm. Mason, at Taunton, Mass. The R. L. Taylor, Stowe and Braintree have been added to the working power of the road quite recently. The Taylor is a passenger engine, and belongs to the same class with the Gov. Smith and Perkins, and is fully equal to them in everything but its beauty of finish. The Stowe is a passenger locomotive, and the Braintree runs on the freight line, and nothing more need be said of them than that they are fully up to the standard of the home manufacture.

It is well worth the spending of any one's leisure hours in a visit to the round houses of the Railroad Company and their machine shops at this place. Here you will find everything in process of construction, from a wooden pin or iron bolt to a perfect locomotive. Mr. Camp keeps a regular account with each locomotive in detail, their original cost, the number of miles run each day, and all expenses for repairs. His books already comprise numerous volumes, and some of them are huge ones, and will weigh about 50 lbs. each. Everything goes like clock work, and the Directors are enabled, upon these books, at any time to trace a transaction to its minutest detail. To successfully manage a line of railroad from Bellows Falls to Waterlo, in Canada, 346 miles, through a mountainous country, is a big thing, but we imagine the present Managers of the road know exactly how to do it.

Barrett's Vegetable Hair Restorative. We speak from experience, having given a practical trial to this renowned preparation. No other hair restorative has ever received or deserved a more universal demand than Barrett's. Pittsburg Commercial. d&w.

Reader, are you troubled with headache? Try Renne's Pain-killing Magic Oil! For all kinds of pain, and for sprains, or bruises, or for internal pains, or cramps, "It works like a charm. Call for it where you trade. Sold by druggists, merchants and grocers. d&w.

How often do you hear the complaint from mother and father that their son or daughter is not well; that they have no appetite; that they feel languid; that their heads ache; that they are growing thin and feeble; and that they have no life or energy left. That they are low-spirited, and perfectly incapacitated to participate in any pleasures, or perform any mental or physical duty. And the question is often asked, what shall I do for them? or, what shall I give them? Our answer is, let them try Plantation Bitters moderately three times a day, and our word for it they will recover.
